

CONDITIONS FOR REPORTING CHANGES

1. A change of owner for a horse registered in the studbook is submitted, together with the horse's passport, to the recognized breeding association (hereinafter referred to as RBA) responsible for maintaining the relevant studbook. The RBA will confirm the change in the passport and return it to the owner. Simultaneously, the RBA will ensure that this information is passed on to the Central Horse Register (CHR). If the horse does not have a passport, the owner must request the CHR to issue one (every horse must have a passport since January 1, 2005). The new owner must report the change within 30 working days from the date of the change.

2. A new owner of a horse not registered in any studbook maintained in the Czech Republic shall send the change notification along with the horse's passport directly to the CHR, which will confirm the change and return the passport within 5 working days from the date of receipt. The new owner must report the change within 30 working days from the date of the change.
